

SURVIVOR SUPPORT GROUP

BUILDING A FOUNDATION OF
LOVE AND SUPPORT

Our goal is to offer a safe environment for survivors of various forms of abuse to gather and offer support to one another. Support can come in many different forms; stories from past experiences, the learning experience of making decisions to overcome abuse, receiving education on healthy relationships, and even the support of a healthy hug or the reassurance of knowing that you have friends that have gone through similar experiences who you can rely on.

GROUP GATHERINGS:

The **first** and **third** Wednesdays of every month we will be offering a group gathering:

5:30PM - 6:30PM

All Group Gatherings will be held at the PBPB Clinic in the Social Services Department.
