Some of us know the European stories of the constellations, whether it is the story of Cassiopeia or Hercules – most of us have a basic knowledge of the Greek and Roman Constellation legends. But what were the stories of Native Americans?

Come join us for a night of observing at the Boys and Girls Club of the Prairie Band Potawatomi Indian Reservation for a night of observing and traditional Native American Storytelling. This event is lead by our Amateur Astronomer and Native American tribal member Brenda.

Hot Chocolate will be served along with some light snacks!
