# YOU HAVE A RIGHT TO BE SAFE!

*No one deserves to be hit or threatened. If you are being hurt by someone you love, consider making plans to help keep yourself and your children safe. Here are some suggestions that have helped other people in situations like yours.*

## Safety during an explosive incident

- Practice getting out of your home safely. Identify which doors, windows, elevator or stairwell to use. Pack a bag and have it ready at a friend's or relative's house.
- Identify one or more neighbors you can tell about the violence, and ask them to call the police if they hear a disturbance coming from your home.
- Devise a code word to use with your children, family, friends and neighbors when you need the police.
- Decide and plan where you will go if you ever have to leave home.
- Use your instincts and judgment. In some dangerous situations, it may be safest to give the abuser what they want to calm them down.

## Safety when preparing to leave

- Open a checking or savings account in your own name.
- Leave money, an extra set of keys, copies of important documents and extra clothes and medications in a safe place or with someone you trust.
- Open your own post office box.
- Identify a safe place where you can go and someone who can lend you money.
- Always keep the shelter phone number, a calling card or some change for emergency phone calls with you.
- If you have pets, make arrangements for them to be cared for in a safe place.

**Remember: You are the expert of your situation. Use these tips only if you feel safe doing so.**

## Safety when preparing to leave

- If you or your children have been threatened or assaulted, you can request a protective order from the Tribal//County Court
- Always keep your protective order with you.
- Call the police if your partner violates the protective order.
- Inform family members, friends and neighbors that you have a protective order in effect.
- Think of alternative ways to keep safe if the police do not respond immediately.

## Safety in your own residence

- If you stay in your home, lock your windows and change the locks on your doors as soon as possible.
- Develop a safety plan with your children for times when you are not with them.
- Inform your children's school, day care, etc. about who has permission to pick up your children. Inform neighbors and the landlord that your partner no longer lives with you, and that they should call the police if they see him/her near your home.
- Never tell the abuser where you live. Never call the abuser from your home because the abuser may find out where you live.
- Request an unlisted/unpublished number from the telephone company

## Safety on the job and in public

- Inform someone at work of your situation. Include the security officers at work and provide them with a picture of your partner.
- Have someone screen your telephone calls at work.
- Have someone escort you to and from your car, bus or train.
- Use a variety of routes to come and go from home.
