Plan Review Fees. For public, commercial and industrial buildings the following shall apply: When submittal documents are required by Section 21-3-6(C)(2), a plan review fee shall be paid at the time of submitting the submittal documents for plan review. Said plan review fee shall be 65 percent of the building permit as shown in Table 1.

The plan review fees specified in this subsection are separate fees from the permit fees specified in Section 21-3-7(B) and are in addition to the permit fees.

When submittal documents are incomplete or changed so as to require additional plan review or when the project involves deferred submittal items as defined in Section 21-3-6(C), an additional plan review fee shall be charged at the rate shown in Table 1.
